## Kindergarten Immunization Rates in South Dakota

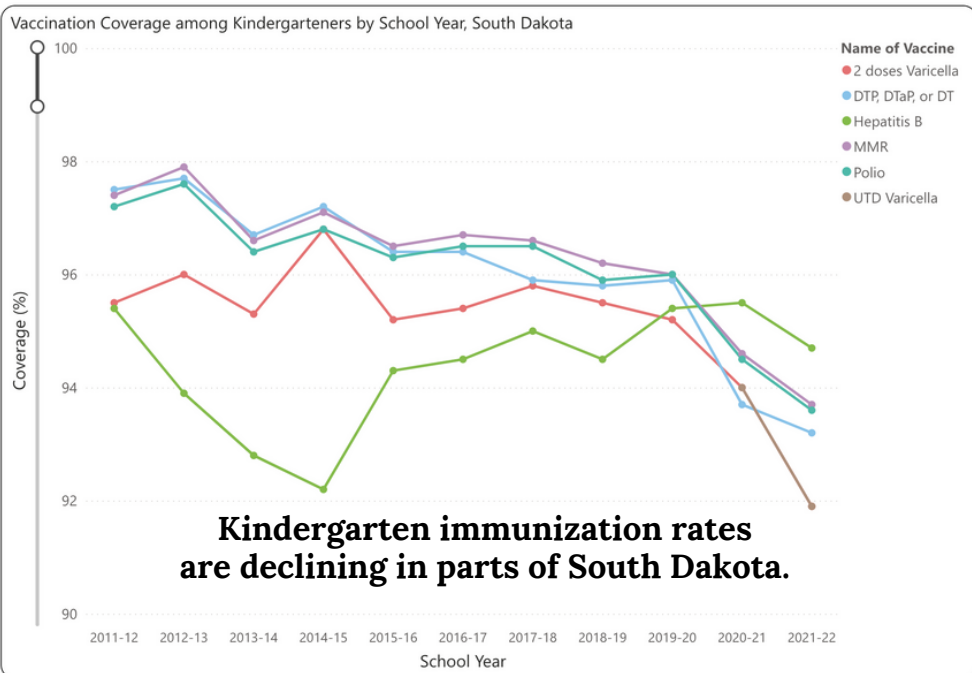

High immunization rates protect South Dakota's children from catching contagious diseases that can be prevented with routine vaccinations. For example, **95% of the community must be immunized** to prevent an outbreak of measles. When rates drop below this safe threshold, we're all at risk.

District 17

### 2022-23 Statewide MMR Immunization Average

**93%**

### Kindergarten Immunization Rates for Measles, Mumps, Rubella

County	2020-21	2021-22	2022-23
Clay	<b>94%</b>	98%	98%
Union	97%	97%	96%
