

Legislative District 18

Kindergarten Immunization Rates in South Dakota

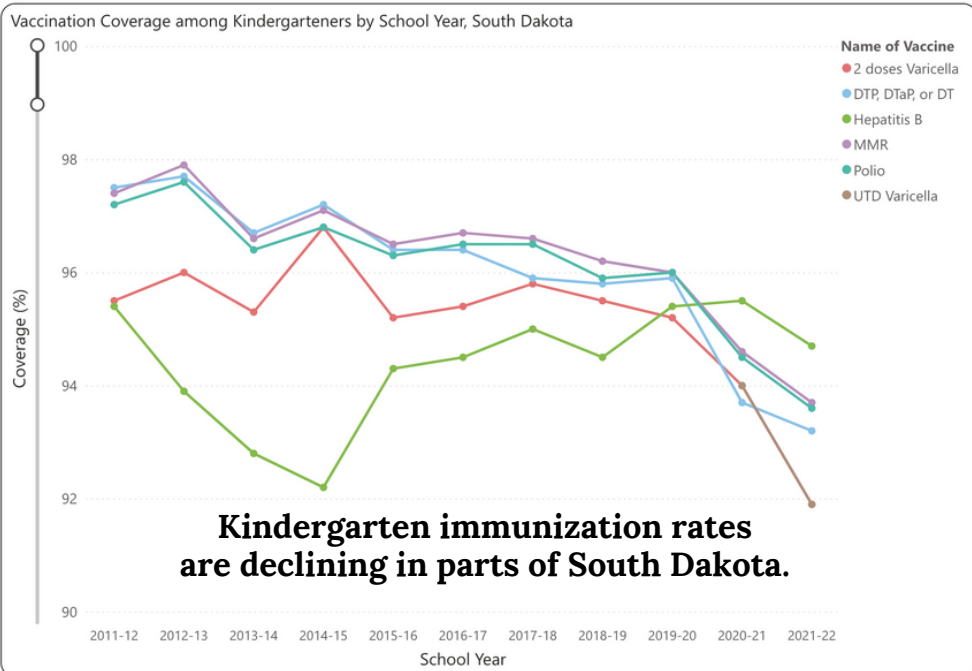

District 18

High immunization rates protect South Dakota's children from catching contagious diseases that can be prevented with routine vaccinations. For example, **95% of the community must be immunized** to prevent an outbreak of measles. When rates drop below this safe threshold, we're all at risk.

2022-23 Statewide MMR Immunization Average

93%

Kindergarten Immunization Rates for Measles, Mumps, Rubella

County	2020-21	2021-22	2022-23
Clay	94%	98%	98%
Yankton	96%	97%	95%

Key

- = Protected
- = At risk for outbreak
