

Legislative District 25

Kindergarten Immunization Rates in South Dakota

District 25

High immunization rates protect South Dakota's children from catching contagious diseases that can be prevented with routine vaccinations. For example, **95% of the community must be immunized** to prevent an outbreak of measles. When rates drop below this safe threshold, we're all at risk.

2022-23 Statewide MMR Immunization Average

93%

Kindergarten Immunization Rates for Measles, Mumps, Rubella

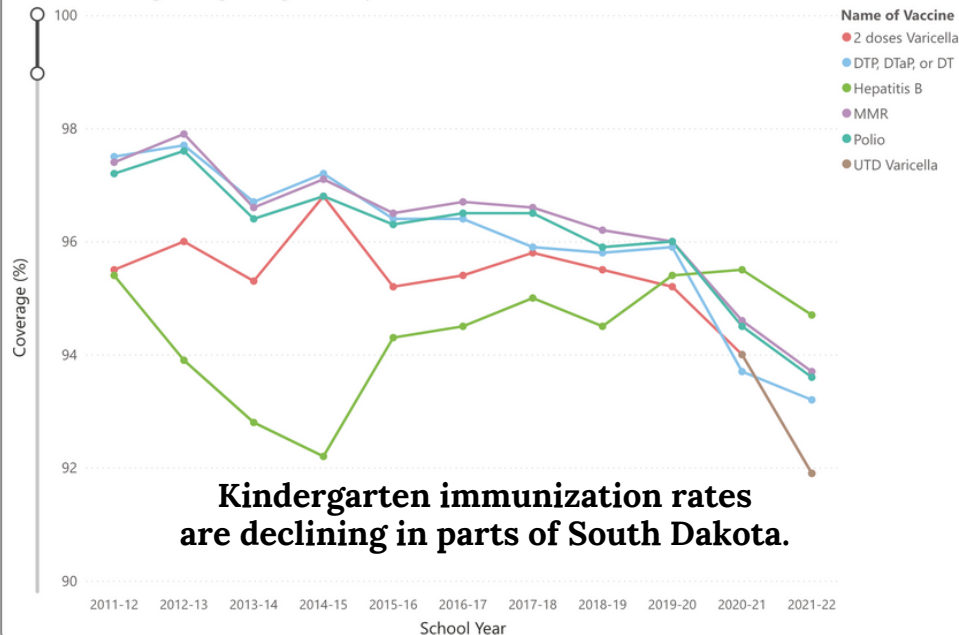

County	2020-21	2021-22	2022-23
Minnehaha	95%	94%	92%
Moody	96%	100%	96%

Key

- = Protected
- = At risk for outbreak
